

A4 PRO ENHANCED WHEEL CLEANER

Available Sizes:

Description:

This product features an alkaline formula with exceptional cleaning power, quickly dissolving stubborn dirt, grease, and mud from tires, wheels, and rims. It effectively removes yellowing and restores the natural rubber shine of tires while leaving wheels looking like new. The 2-in-1 design eliminates the need for separate products—one bottle is all you need for comprehensive tire and wheel cleaning, delivering professional-grade deep-cleaning results. Additionally, this formula is safe for use on all wheel and caliper surfaces, ensuring a thorough yet gentle clean without causing damage.

It can be used on clear coated, anodized, chrome plated, painted, plastic or any other type of coated surface, alloy and magnesium surfaces.

PH: 12

Ingredients:

Surfactant, Emulsifier, Penetrant, EDTA-4Na, Corrosion Inhibitor, Chelating Agent, Sodium Benzoate, Fructose Fragrance, Deionized Water.

Dilution Ratio:

The product can be used straight away and doesn't need to be diluted.

Instructions:

1. Evenly spray A4PRO onto the surface of the tire.
2. Use a tire brush to scrub the tire surface for a thorough clean.
3. Rinse off the dirt and residue with a pressure washer.

Caution:

- **Keep out of reach of children.** In case of accidental contact with eyes or ingestion, rinse thoroughly with water and seek medical attention immediately.
- Do not store in high-temperature areas or under direct sunlight.
- This product may contain slight sedimentation, which is normal and does not affect its performance.
- This product is for industrial cleaning use only; do not misuse it.

WARNING

Wheel Cleaning
