

## TAR REMOVER

### Available Sizes:

### Description:

The oil-based emulsified cleaning formula effectively removes asphalt and oil stains from the car body. It reacts quickly with tar and asphalt, providing fast and efficient cleaning that saves time and effort.

### PH:7

### Ingredients:

Emulsifier, comprehensive agent, kerosene, toluene

### Dilution Ratios:

The product can be used straight away and doesn't need to be diluted.

### Instructions:

1. Spray onto the areas with tar and asphalt residue, wait for 2-3 minutes to dissolve it.
2. After dissolution, black liquid may flow out.
3. Wipe clean with a clean towel, then rinse with water for final cleaning.

### Danger:

- **Keep out of reach of children.** In case of accidental contact with eyes or ingestion, rinse thoroughly with water and seek medical attention immediately.
- Do not store in high-temperature areas or under direct sunlight.
- This product may contain slight sedimentation, which is normal and does not affect its performance.
- This product is for industrial cleaning use only; do not misuse it.

### Prohibited areas:

- Plastic parts, automobile headlights, taillights and other petroleum tar products

**DANGER**

**Gloves**

#### WARNING:

**HIGHLY FLAMMABLE LIQUID AND VAPOUR.** Small amounts of liquid aspirated into the lungs during ingestion, or from vomiting, may cause chemical pneumonitis or pulmonary oedema. Ingesting any amount of this product will result in dizziness, headaches, nausea and tracheal burning. Irritating to the eyes but will not permanently damage the eye tissue. Irritating to the skin with prolonged exposure. It may result in dryness and cracking. Irritating to the respiratory tract. Exposure to large concentrations over an extended period will result in muscle weakness, blurred vision, headaches, nausea and possible loss of consciousness.

#### SAFETY PRECAUTIONS:

Keep well away from heat, sparks and open flame. Keep container well closed. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves and eye/face protections. Do not eat, drink or smoke whilst
