

9H CERAMIC COATING

Available Sizes:

Description:

9H Ceramic Coating provides long-lasting protection (1 year) against scratches, debris, UV rays and reduces paint oxidation and fading. Its superior hydrophobicity prevents water and dirt from adhering, keeping the surface clean and shiny. The coating is suitable for all paint colors and car films, delivering the ultimate shine and mirror effect. Professional-grade formula is simple to use and leaves your car looking new and long-lasting!

Ingredients:

Instructions:

1. Thoroughly clean and dry the paint.
2. Remove tar and oxidation from the surface (polish if the paint is in poor condition).
3. Degrease the paintwork thoroughly using a degreaser.
4. Shake well and apply the coating solution onto a clean coating towel and use it with a coating sponge, applying it evenly to the surface of the car in a cross pattern.
5. Wait 30 mins to 1 hour after application, then wipe off with a clean towel (shorten the wiping time when the temperature rises).

Caution:

- Do not store in high temperatures or direct sunlight.
- In case of accidental eye contact or ingestion, rinse immediately with water and seek medical attention.
- **Keep out of reach of children.**

WARNING:

Harmful if swallowed. Moderately irritating to eyes

SAFETY PRECAUTIONS:

Keep well away from heat, sparks and open flame. Keep closed when not in use. Do not eat, drink or smoke whilst using. Use only non-sparking tools. Avoid breathing vapour, use with adequate ventilation. When using wear nitrile gloves, goggles and respirator. Store in original container away from food. Dispose of empty container in a safe manner.

FIRST AID:

Eye	Flush with cold water for at least 15 minutes. Seek medical attention if problems persists.
Skin	If skin contact causes irritation remove contaminated clothing and wash thoroughly with soap and water.
Ingestion	Do not induce vomiting. Give nothing by mouth. If patient continues to be distressed seek medical attention immediately.
Inhalation	Remove to fresh air. If breathing is difficult seek medical attention immediately.

If medical advice is needed have the product container/label at hand. In an emergency phone the National Poison Centre.(24 hrs): 0800 POISON[764 766].
